

*FOOTSCRAY RENEWAL IS TAKING SHAPE...

With more than 12,000 patrons using Footscray Station daily, the footbridge has been designed to create an attractive landmark structure that will improve pedestrian flow. Its strong features draw on the industrial heritage of the area and add to character of the Station precinct.

This concept drawing is an indicative artist impression. The footbridge and forecourts are subject to further detailed design.

The area surrounding the station is part of the plan for better urban design in Footscray. The station precinct incorporates safety features including improved lighting and easier access, while being more visually appealing.

This concept drawing is an indicative artist impression. The footbridge and forecourts are subject to further detailed design.

CONCEPT DESIGNS FOR THE NEW FOOTSCRAY STATION FOOTBRIDGE AND FORECOURT ARE NOW AVAILABLE TO VIEW AT THE ONE STOP PLANNING SHOP.

THE COMMUNITY IS INVITED TO SEE WHAT'S BEING PLANNED FOR THIS VITAL PART OF FOOTSCRAY.

The (re)Visioning Footscray study identified the values of the Footscray community and helped designers gain a better understanding of what the community wants to see in their future Footscray.

This vital feedback identified important environmental and social issues. The designs complement what is already great about Footscray and are **consistent with community views** which see Footscray as a safe, dynamic and diverse place.

THE DESIGN INCLUDES:

- > **A new architect designed footbridge with canopy and lifts for easy access to platforms**
- > **An open public space between the Station and Irving Street**
- > **Bicycle facilities, including stair channels**
- > **Provision for future residential, retail and commercial development.**

WORKING IN PARTNERSHIP

Footscray Renewal demonstrates a strong partnership between the State Government, Maribyrnong City Council and the community. Through a collaborative approach, the local community and visitors to Footscray will see the centre transformed into a more vibrant and liveable city.

JUSTIN MADDEN MLC
MINISTER FOR PLANNING

"Footscray is a vibrant, colourful and culturally rich city that holds a unique place in the hearts of Melburnians. The Victorian Government shares this passion. Through our Transit Cities program we are working with the City of Maribyrnong and developers to make Footscray even better. Together we will make Footscray one of Melbourne's most liveable places."

CR MICHELLE MACDONALD
MAYOR, CITY OF MARIBYRNONG

"Over the next few years, the State Government's and Council's commitment to Footscray will bring about positive changes and developments and we will be working in partnership with the State Government to ensure our community enjoys Footscray and discovers the area's full potential."

MARSHA THOMSON MP
MEMBER FOR FOOTSCRAY

"This is a very exciting time for Footscray. All of the hard work and planning on the part of our Council, the State Government, local traders and residents will soon be realised. A more urban, vibrant and modern Footscray will be enjoyed by communities in the west and beyond."
